Participation:

Non members can participate in club events at the regular prices shown in our offers. Our regular prices are almost always a better price than individuals can get. Send us your e-mail address and we will start sending periodic e-mails containing links to our offers. You'll know about the great deals first hand.

Sign up to be a member to get the extra discounts. These are the prices after FPC discounts that you can find on our offers. Membership is \$9.99 a month including tax. E-mails provided to you (or perhaps to your representative in a subsidy situation) will include or link details about deals that members are entitled to receive. Contribute for three months and you are in. The three month's dues can even be given up front allowing immediate participation. Members must agree to remain in the club for at least nine more months. But we are betting you'll be around longer.

Subsidizers:

Companies... think employee engagement! FP Club can give authorization to an organization or group to contribute one third, two thirds or all three thirds of the dues for one or more FP Club members. Once started subsidies must continue for either twelve months or for the remainder of the existing obligation of those members – whichever is shorter. FP Club can authorize a subsidizer to continue contributing on a member's behalf for as long as we all agree.

Charities & Sponsorship:

Organizations... think fundraiser! If it is specified by a member and FP Club agrees, FP Club could contribute \$1 from each of the member's monthly dues in that year. FP Club would total the contributions specified and (on its own behalf) give an annual donation to that organization. Donation or sponsorship receipts would be requested.

Conditions:

Currently FP Club accepts cheques and e-mail transfers. We are also open to considering other payment methods. While our supplies last, FP Club events are available to everyone as outlined above. We do reserve the right to limit, participation and/or the number of discounts on any event we make an offer for.
